3. Die cut the PB Playful II Creative die from white card stock.
4. Using a liquid adhesive, adhere the die cut flowers onto the ink blended focal panel towards the bottom.
5. Stamp the 'hello' sentiment from the PB Perfect Pairings stamp set onto some black card stock. Heat emboss with white embossing powder and a heat gun.
6. Create a fishtail banner on one end of the sentiment strip with scissors. Adhere sentiment strip near the top right hand corner with tape runner.
7. Adhere the focal panel onto a white note card with some 3D mounting foam.
