1. Create a side folding standard A2 sized card from lilac colored card stock.
2. Using the PB Stellar die and a rubber embossing mat, impress the die onto the front of the card using a die cutting machine.
3. Die cut a circle from white card stock and adhere this to the card base, in the center using 3D mounting foam.
4. Stamp the small flower and leaves from the PB Perfect Pairings stamp set, several times in Copic friendly ink, onto white card stock.
5. Using Copic markers (see list above) color the flowers and leaves. Cut out the flowers and leaves with scissors.
6. Die cut the 'You are Awesome' from the PB Awesome Creative dies, twice, in navy card stock. Adhere on top of each other with a liquid adhesive.
7. Arrange the flowers on the bottom edge of the white circle die cut and one on the top, and adhere with a liquid adhesive.
8. Adhere the Awesome sentiment across the middle of the circle die cut with liquid adhesive.
9. Embellish the flower centers with gems and enamel dots.
