## **Instructions:**

Beginning with a white A2 size card, add "snow" in a soft blue dye ink over #25-014 Oscillations Stencil. Apply with a sponge.

Die cut "Let It Snow" from #51-058 Joyous Wishes and the trees from #51-273 Tall Trees Creative Dies. Cut both from white card stock.

Glue the inside tree and sentiment directly to the card face and attach the outside tree using double stick foam tape.

Using the same soft blue dye ink as the falling snow, ink a piece of card stock with a slight ombre effect from right to left. Trim off 1/6th of an inch from the bottom of the card and attach the trimmed piece to the inside of the card.
