Instructions:

Beginning with a white A2 size card, mask off 1" around the edge of the card. On the inside of the mask sponge two to three different colors of ink for an "Ombre effect".

Cut a panel from a piece of cardstock 4.75 x 3.5" Die cut "You Enjoy" #51-339 from the center - saving the negative space pieces.

Using foam tape, attach the panel over the card front. Glue the negative space pieces flat to the card front.
