Stamp the same image on to the masking paper and cut the image out. Lay the mask directly over the stamped image on the panel.

Using a 4.25 x 5" piece of scrap paper cut frame from "Love to Travel" creative die. Discard the die cut and use the negative space of the cut for a mask in the next step.

Secure the mask you created in the step above to the panel in a diagonal fashion. Using a sponge lay desired amount of ink on to the panel being careful not to lift the image mask. Do not remove either mask.

Lay the Dotlets stencil over the mask and lay desired amount of ink on to the panel. Remove the mask.

Remove the image mask and color the image as desired.

From white cardstock cut frame from "Love to Travel" creative die. Layer this frame to the panel.
