Instructions:

Place Bristol Card panel in Stamp Positioner. Secure the paper with magnets.

Position the larger butterfly from the cling set Butterfly Trio (40-473), over the middle of the card panel.

Color directly on the stamp using water based markers. Therese colored the butterfly with blue hues. After each section was colored, she lightly misted the stamp with water. Stamp the panel. Do this repeatedly until you are satisfied with the color intensity.

Therese stamped the smallest butterfly from the same set above and below the larger butterfly. For these butterflies, Therese colored the top hues of magenta and pink and the bottom purple hues.

Using a sponge applicator, lightly apply Old Paper Distress Ink on the sides of the panel.

Splatter black watercolor on the white spaces of the panel. Allow to dry.

Die cut "Happy Everything" from the die set Awesome (51-333) three times. Adhere together.

Add the die cut towards the bottom of the card panel.

Add glossy accents to the die cut.

Adhere the panel to a white card base.

Add black sequins to finish off the card.
