Create A2 card base from white card stock; set aside.

Place A2 size panel of Hot Press Watercolor paper and Graceful Whisper stamp into Misti. Using distress markers, ink tree trunk with brown ink, mist lightly with water and press into watercolor paper. Repeat until there is a clean image. Using two shades of orange distress markers, ink up leaves of trees, mist lightly with water and stamp onto watercolor paper. Repeat until there is a strong, clean image. Sponge pale yellow over the bottom half of the tree and pale blue in the top corner to create a background.

Using white card stock cut slightly smaller than card base, die-cut with frame and stamp sentiment with brown ink; set aside.

Cut watercolored panel to size and adhere to card base. Place frame over top, popping up with foam for added dimension.
