

Penny Black PROJECT GUIDE

SIMPLICITY Sister: Marion Vagg

Penny Black Products Used: 51-381 Trees and Hills creative die, 30-431 Delicate flowers stamp set

Additional Products: Neenah Solar White card stock, Cuttlebug, Circle die, Distress Oxide inks - Twisted Citron, Salty Ocean, Blueprint Sketch, Chipped Sapphire, Ink blending tool, VersaFine Onyx Black ink, 3D mounting foam, White gel pen, Perfect Pearls spray (mixed with water), Liquid Adhesive, Score board and stylus

Instructions:

1. Die cut a circle from white card stock.
2. Using Distress Oxide inks and an ink blending tool, blend in the colors to create a night sky scene (see list of inks above). Spritz the panel with some water droplets from a spray bottle and mop up with a paper towel to create the stars. Also spritz the background with a perfect pearls mixture (made with perfect pearls and water in a spray bottle). Set aside to dry.
3. Take the PB Trees and Hills creative die, and die cut one row of trees from white card stock.
4. Using the circle die, place it over the white trees die cut and run through the die cutting machine to create the rounded portion underneath the tree line.
5. Adhere the trees onto the inked circle background using liquid adhesive.
6. Create a top folding square card from white card stock. Blend on some Blueprint sketch and Chipped Sapphire Distress oxide ink around the edges. Spritz the card base with the Perfect pearls mixture.
7. Create a small white panel for the front of the card from white card stock. Use a scoring board and stylus, score a border around the edge of this white panel. Adhere to the card base.
8. Stamp the Miss You sentiment from the PB Delicate Flowers stamp set in VersaFine Onyx black ink under the tree line.
9. Adhere the round focal panel to the card front using 3D mounting foam.
10. Add some dots to the night sky with a white gel pen.
