From Hot Pink cardstock cut a A2 sized card base.

From White cardstock cut a 5.5" x 4.25" panel.

Emboss rather than cut the 2nd largest die from the Lovely Border Die set on to the white panel.

Stamp image in the center of the white panel. Color with Copic Markers as follows:

RV13, RV14 and RV09 for the "YOU"

W1, W3 and W7 for the Cat plus R20 for the cheeks

Cut die from the Love & Miss you set from black card stock. Cut just the heart portion of the same die from hot pink card stock and trim to fit over the black heart and glue in place.

Glue the white panel directly on to the card base.

Glue the love die to the card face positioning it so that the heart covers the flower that is in the cat's paws.
